

FOR IMMEDIATE RELEASE**Free Spirit Publishing to offer special terms for indie bookstores**

MINNEAPOLIS, MN—In response to Baker & Taylor exiting the retail wholesale market, Free Spirit Publishing is pleased to announce that we will offer special terms for indie bookstores looking to establish direct accounts with publishers.

Shaina Thompson, trade sales account manager, said, "Free Spirit Publishing is dedicated to the success of independent bookstores and the continuous, positive impact they have on their communities. It is unfortunate that Baker & Taylor will be exiting the retail wholesale market, but this presents a forward-looking opportunity for us to work directly with independent booksellers both to build new partnerships and to grow existing relationships."

For 36 years, Free Spirit Publishing—best known for the award-winning title *Hands Are Not for Hitting*—has been committed to publishing resources that meet kids where they are (not where we wish they were). Our books support kids' social and emotional learning and educational needs to help them build resiliency and foster a positive outlook on life to reach their goals.

According to the CDC, approximately 4.5 million children ages 3–17 have a diagnosed behavior problem, and of those children, more than 1 in 3 also have anxiety and about 1 in 5 also have depression. Our books are clearly needed.

We believe in the importance of our titles and the value of independent bookstores. We are committed to supporting indies during this transition and moving forward.
